

What We Have To Offer Community Partners

1. Presentation on Allied Health Careers

Interactive presentation to middle school and high school students on Allied Health medical careers. Exploring the less known careers outside nursing or being a doctor and the education required.

2. Presentation on Developing a Pipeline into Penn Medicine Lancaster General Health

Presentation to administrators and school counselors to discuss medical field jobs, the education required, salaries for jobs and how we can partner with you.

3. Presentation on Resume Building and Interview Skills

What your students need to know to obtain their dream job.

4. Job Applicant Coordination

A streamlined process to move students into jobs at Penn Medicine Lancaster General Health prior to and upon graduation. A dedicated recruiter will help assure your student receives an interview (with onsite interviews available) and finds the right job with us.

5. Job Fairs

We would love to attend any onsite job fairs you may have for your students and their parents or persons of the community.

6. A Day in the Life

A planned full-day program in a group setting will be presented at Lancaster General Hospital for high school students interested in a medical career. In a fun and interactive format, Lancaster General Health employees from Nursing, Radiology, Pulmonary, Cardiology, Operating Room, Laboratory, Physical Therapy and the Pharmacy will describe their roles. They will also share their experiences and demonstrate equipment they use in their career. This will be followed up by a group shadowing event.
